South Hackensack, New Jersey:

Microflex Low-Profile HDMI & DVI Cables for Surface Access Boxes, Racks and Other Tight Spaces.

Comprehensive recently announced at Infocomm 2012 three new exciting additions to the MicroFlex series of extremely flexible and small diameter cables. In addition to VGA, Comprehensive will now offer three new *Microflex HDMI and DVI cables* that are a must have for the commercial and residential systems integrator.

The three new *MicroFlex HDMI and DVI cables* are perfect for fitting into tight spaces including surface access boxes and equipment racks where traditional cables would not fit.

There are two versions of *Micro Flex HDMI Cables*, one 30 gauge which includes lengths up to 15 ft and an Extra Micro 36 gauge version with lengths up to 6ft. Both HDMI versions include Ethernet capability and resolutions of 1900 x1200@ 60Hz as well as 1080p.

The *MicroFlex DVI Cable* supports DVI-D Single Link resolutions up to 1900 x1200@ 60Hz as well as full 1080p.

All of these cables offer state of the art flexibility and are covered under Lifetime Warranty.

Feature Spotlight:

- 1080p and High Speed up to 10.2Gbps
- Resolutions of up to 1900 x1200@ 60Hz
- 3D Support and Ethernet Capable (HDMI)
- Extreme Flexibility
- 30 and 36 Gauge Copper Construction
- Low Bend Radius
- Gold Plated Contacts
- Lengths up to 15ft (30 gauge HDMI & DVI) and 6ft (36 gauge HDMI)
- Lifetime Warranty

About Comprehensive Cable and Connectivity Company:

Since 1974, Comprehensive has been the leading brand of Pro AV connectivity solutions for professionals. Over 37 years and millions of satisfied customers later, Comprehensive remains the industry standard for value, reliability and performance. That's why Pro AV and I.T. professionals around the world have trusted Comprehensive to provide the backbone of their multi-million dollar computer networks, digital signage systems, interactive boardrooms, broadcast studios, multimedia classrooms, event stages and other critical applications.
